

Dear Waqar,

Congratulations! On behalf of InnoVista, Telenor Pakistan, Google for Developers, and Ministry of IT & Telecom, we are thrilled to inform you that your team has been **shortlisted** for the #ASeekho2026 AntigraVity Hackathon.

Please complete the following critical actions immediately:

1. Review the Challenges & Choose Your Track Carefully review the official **Challenges Document** linked below.

You are required to select **one (1) challenge** to build your Agentic AI solution using Google AntigraVity

- [Read the Challenges Document Here](#)
- [Submit Your Challenge Selection Form](#) (Deadline: **May 15, 2026**)

Important: Please choose wisely. Once you have submitted your selection, **you cannot change your challenge. Moreover, please make sure to make your challenge selection only on the form attached above, as only those who make their selection here will be shared the next form where your challenge submissions are to be made for us to view and mark.**

2. Fuel Your Build: Redeem Your Google Credits to help you build your prototype using Google AntigraVity, redeem your credits here:

- <https://goo.gle/aiseekho2026-hackcredits2>

You can use these credits to use Google Cloud Console.

3. Join our Communication Groups All real-time updates, coordination, and mentorship will happen inside our official WhatsApp & Discord Community. Join now to stay in the loop:

- [Join the WhatsApp Community](#)
- [Join the Discord Community](#)

Key Deadlines to Remember:

- **May 15:** Deadline to submit your final Challenge Selection.
- **May 20:** Final submission deadline (submission form will be shared once your challenge is selected).
- **May 25–26:** Regional Finals (Shortlisted teams only).

We strongly advise you to read all guidelines and evaluation criteria within the documents provided before starting your build.

We look forward to seeing how you use Google Antigravity to solve Pakistan's biggest challenges. Best of luck!

Best regards,

Team InnoVista *In collaboration with Google for Developers, Telenor Pakistan & Ministry of IT & Telecom*
